Added Guarantee	\$1000.00	Added Guarantee	\$1750.00
ONE DAY PRO-A		TWO DAY PRO-AM	

#### **Steps**

- 1. Add the added guarantee money, the Professional "net entry fee," and the amateur "net entry fee" together to form the total purse.
- 2. The "net entry fee" is the entry fee you charge less any club expenses that you will be pay ing out of the entry fee. (Example: You may be charging \$50/player which includes cart fees and a social function or food following play. The cart fee is \$15/player and the food is \$5/player. Subtract the carts and food from entry fee and you have \$30 net entry fee, the minimum entry fee for a one-day Pro-Am.) Please note that no monies may be taken from this "minimum entry fee" for any purpose. The Tournament Committee reserves the right to audit tournament records if it is deemed that proper accounting of entry fee money is necessary.
- 3. Section Regulations recommend that Low Professionals receive 30%, Team Professionals receive 17.5%, and Team Amateurs receive 52.5% of the Total Net Purse.
- 4. Multiply .30 by your Total Net Purse to get the total amount paid to the Low Professionals.
- 5. Multiply .175 by your Total Net Purse to get the total amount paid to the Team Professionals.
- 6. Multiply .525 by your Total Net Purse to get the total amount paid to Team Amateurs.
- 7. These three numbers should also add up to your Total Purse.
- 8. If \$30 (one-day Pro-Am) or \$40 (two-day Pro-Am) is less than 45% of the entry fee, it is recommended to take 45% of the total entry fee plus the \$1000 minimum (one-day Pro-Am) or \$1,750 minimum (two-day Pro-Am) to calculate the purse.

#### **STEPS**

- 1. The CPGA recommends paying a minimum 1/3 of the field. 32 teams X .33 = 10.56, pay 11 positions.
- 2. Take the amounts appropriated for each division (Low Pro, Team Pro, and Team Ams) and multiply them by the purse distribution percentages found on a previous page of this handbook to get position payouts.

  (Example: 1 day Pro-Am Low Professional = \$1452.00 X .19 = \$275.88)
- 3. You may round off to the nearest dollar or five dollars.
- 4. Team Consolation: If you are paying a team consolation prize for low round out of the money on the second day, remember to subtract the amount of the total consolation prize from the Net Purse before figuring the percentage of the money to go into each division. The consolation prize recommended is \$25.00/player.

Complete the card using first and last names of all team members and include tournament name, starting tee and time. Enter the player's "course handicap" and "adjusted handicap" beside the player's name. Add your course's handicap holes in the proper column. From here you will circle each amateur's stroke holes.
