WAYS FOR PRO-SHOPS AND RESTAURANTS TO STAY OPEN FOR BUSINESS

WITHOUT MEMBERS STEPPING INSIDE:

10 minutes can now turn your Pro Shop and Restaurant into a Virtual Store or Restaurant where members & guests can purchase products & meals – minimizing interaction with staff & one another.

① GOLFPROPAYMENTS IS PROVIDVING COURSES A **FREE** SHOPPING CART MODULE THAT CAN BE EASILY ADDED TO YOUR EXISITNG WEBSITE

- Members can choose what they want to purchase, add it to a shopping cart, check out & pay for their purchases all online using GolfProPayments shopping cart module as an add-on to their existing website
- Members can then stop by a designated area to pick up their purchases without ever having to enter the Pro Shop area.

② GOLFPROPAYMENTS IS PROVIDING **"PAY NOW"** CAPABILITIES FOR GOLF COURSES AND FACILITIES THROUGH OUR ONLINE GATEWAY

- Pro Shops and Restaurants can take an order from members and with one click, send the member a payment button, customized with the courses logo for the member to immediately pay with their credit card.
- Course will receive an immediate "Paid in full" response and can inform the member where to go to pick up their meal or their product without ever having to enter the clubhouse.

The above features are simple add-on's that can be immediately used by courses through their GolfProPayments merchant ID. Please contact Andrew Reeves, PGA to turn on this functionality or to quickly obtain a GolfProPayments Merchant Account.
