

Lowcountry Chapter Player-of-the-Year & Tournament Priority Information

Lowcountry POTY Points: Points will be earned based on performance and participation.

Lowcountry Summer Series & Limited Field Chapter Events: 200 Points per event will be distributed to the highest 33% of participants based on field size. An additional 10 points will be awarded to each player that participates and returns a score. See below list for 2024 events in this category.

Summer Series Events

Individual Match Play

Chapter Championship

Major Chapter & Section Events: 400 Points per event will be distributed to the highest 33% of Lowcountry chapter participants based on field size. If the section event has a cut, participants must make the cut to be eligible for points. An additional 10 points will be awarded to each player that participates and returns a score. See below list for 2024 events in this category.

Individual Section Majors

Lowcountry Professionals Championship

Lowcountry Assistants Championship

Lowcountry Open

Summer Series Player Selection: We have an excellent set of courses lined up for the inaugural Summer Series. Spaces are limited and will fill up quickly. In an effort to provide a balance of playing opportunities for as many Chapter Professionals as possible a selection process will be used to create the fields. Event sign-ups will be in Blue Golf, registration will close one (1) week prior to the event. Due to popularity of events, cancellations after registration closes will not be refunded their entry fee. Below are initial criteria that will dictate field priority.

1. *Host Courses will receive exemptions into their home event, not to exceed 20% of the maximum field size.*
2. *Host Courses will receive one (1) additional exemption into an event of their choosing, limited to Class A professionals only.*
3. *Class A PGA professionals will take priority over associates.*
4. *To provide equity, consideration will be given to Lowcountry Summer Series (LCSS) participation history when confirming fields, and those with fewer starts will receive priority. Should multiple registrants have the same number of starts in LCSS events, the higher POTY point standing at the close of registration will be used to determine priority.*

Playoff Events: The top 16 in points for the 2024 season will compete in a final two-week playoff. Points earned in the series will remain. Each playoff event will have 400 points distributed to the top 50% of competitors in each event.

Battle of the Basin: The Ace Basin is the primary landmark that separates our chapter. The top eight (8) players from North of the Basin will play the top eight (8) players from South of the Ace Basin in a Ryder Cup style 36-hole event. Playoff points accrued will be included in these rankings.
